

---

**2006 List of State Identified High Priority Schools and School Systems**

---

**The Background:**

Tennessee is entering its fifth year of implementing the federal No Child Left Behind (NCLB) requirements for all schools and school systems. State and federal accountability requirements have been merged into one process for identification of high priority schools and systems. In 2000, the State Department of Education preempted NCLB and developed state law driven identification criteria which were used initially to identify schools then known as low performing, now as high priority schools. A federally mandated thirty day appeals process has been developed online to provide school system personnel access to student performance information for revision and correction of coding errors, safe harbor and natural disaster issues.

The list presented is the final post appeals list of high priority schools and systems.

This year we have a list of schools to present for approval in various status stages which has been impacted by the merger of the two accountability systems, state and federal. Additionally, as required by NCLB, we are presenting a list of high priority school improvement school systems for Board approval.

**The Recommendation:**

The Department of Education recommends approval of these lists on final reading. The SBE staff concurs with this recommendation.

## 2006 HIGH PRIORITY SYSTEMS

Cumberland County	School Improvement 2
Davidson County	School Improvement 2
DeKalb County	School Improvement 1 – Improving
Fayette County	Corrective Action
Hamilton County	School Improvement 2 – Improving
Jackson-Madison County	School Improvement 2
Maury County	School Improvement 2
Robertson County	School Improvement 2
